Lincoln's Birthday.

The Garland public schools appropriately celebrated Lincoln's birthday on Friday (yesterday) although his birthday is to-day. In the afternoon the parents of the children visited the several grades and departments. At 1 p. m. the teachers and children took part in "hoisting and saluting the flag." At the Garland Amusement hall in the afternoon a fine Lincoln Day program was rendered, all grades taking part. The program carried out was very entertaining.

New Automatic R. R. Switch.

Messrs Call and Rice spent last Saturday and part of this week in Garland exhibiting the Call Automatic R. R. Switch, one of the greatest inventions of the 20th century. Crowds of people in this vicinity called at the Gem Cafe to take a look at this wonderful switch during their stay here.

It is certainly the best R. R. switches yet invented and is being put in by all the railroad companies just as fast as the manufacturers are turning them out.

The company is incorporated under the name of the Call Automatic Switch Co. with a capital of \$1,000,000 divided into 1,000,000 shares of the par value of \$1.00 each. All stock is full paid and non-assessable, 40,000 shares being set aside as working capital and treasury stock. The officers of the company are Ira A. Call, president; Geo. E. Hardy, vice-president; Lewis T. Cannon, Secy & Treas. A. B. Irvin, general counsel and O. C. White, general manager.

A number of our citizens have taken stock in the company and the Globe man feels satisfied that the investment is a good one.

Motor Car Wrecked.

In the Ogden yards at 8:47 o'clock Tuesday morning the southbound passenger train No. 24 crashed into and entirely demolished the northbound Malad Motor car. Three passengers on the Motor car were seriously injured and fourteen others slightly injured. According to a statement given out from the Southern Pacific and Oregon Short Line railroad, the collision was due to the Motor car crew's failure to obey orders.

Immediately after the wreck, the union depot at Ogden was turned into an emergency hospital and those less seriously injured were cared for there, while the seriously injured were rushed to the Ogden General hospital.

No one on board the passenger train was hurt and many of the passengers were unaware that any accident had happened. The Motor car was damaged to the extent of \$750.

A committee of railroad officials met Tuesday evening and placed the responsibility for the wreck on the Oregon Short Line at the Twenty-second street crossing Tuesday morning on Conductor H. W. Logan and Motor-man Lee Chase, who have charge of the Motor car, recommending that they be dismissed from the service of the Oregon Short Line.

In accordance with the recommendations of the committee, the two men have been discharged. First Assistant Superintendent Rowlands stated this afternoon that the men were not kept in service a minute after the report of the committee was made known.

Smoot's Letter.

Washington, D. C. Jan 26, 1910. Hon. Thos. H. Blackburn, Mayor,

Brigham City, Utah.

My Dear Sir:—

I wish to acknowledge receipt of your letter of Jan. 21, 1910, informing me that at the last session of the city council of Brigham City a resolution was adopted thanking me for my efforts to secure a public building for Brigham City.

Of course I must admit that the receipts of the Brigham City office are not sufficient to justify the appropriation, under the rule of the Committee of Public Buildings and Grounds of the Senate and House, but I am in hopes of convincing them that it would be a good thing to have a public building at Brigham City.

Assuring you that I shall do everything in my power to secure the appropriation for a federal building in your city, I remain,

Yours Very truly,
REED SMOOT.
